SPECIAL NOTICE

Leaf pickup begins on October 23, 2017. Each area of the map is scheduled for TWO pickups. Residents are reminded that the program is not designed to remove all leaves. IT IS A SUPPLEMENTAL PROGRAM ONLY. Leaves should be raked to the curb no sooner that 48 hours before the date of pickup. Any earlier may cause drainage and traffic problems. LEAVES SHOULD NOT BE RAKED INTO THE STREET. AREAS WITH MULTIPLE CONSECUTIVE PICK UP DAYS SHOULD PUT THEIR LEAVES OUT BY THE FIRST DAY AS LEAF CREWS MAY NOT BE RETURNING EACH DAY. During weeks when no pickup is scheduled, leaves should be placed in paper bags or labeled yard waste containers for pickup by the rubbish contractor. All vehicles must be parked on private property during leaf pickup hours of 7:30 a.m. and 4:30 p.m. This schedule is subject to change due to weather or other factors.

Charles Eudy, Superintendent
Department of Public Services
